It is not expected that Miss Ruth Cornwell of Worcester, commercial teacher in Killingly High school, will be able to return to her duties here for some time, this due to her illness.

Useful Driftwood.
A thrifty resident of the West Side has accumulated about six cords of wood from the places along the Quinebaug river to which it drifted from its owner's property during the spring freshet season.

The incinerated remains of Henry F. Clark, who died in Los Angeles during the winter, were taken to the family burial lot in the town of Plainfield for interment. A. F. Wood was the funeral director in charge.

Observers of industrial matters in Danielson note with pleasure that a high grade of labor is being brought to this town to work in the cotton mills.

Blocked the Line.
The moving of a building from the Austin Williams place, now owned by Luther Pilling in the Westfield section necessitated that passengers on electric cars be transferred Thursday, as the house blocked the line in Main street.

Invited to Norwich.
Killingly High School athletes who like the long distance running game are invited to participate in the modified Marathon race to be held at Norwich on Memorial day.

At the Orpheus play presented by the Clark-Urban company was the Deep Purple, a story of the under world. Eli Gadsden, a local actor, promoted in the affairs of the Union. St. John Baptist, was a guest of Dr. L. J. Morin, who is also identified with the supreme council of the organization.

Comment was being made generally in Danielson Thursday on the unusually large number of deaths of old residents and well known people in Danielson within the last six weeks.

Preparing for School Exhibit.
Supervisor Albert S. Ames of the schools in Killingly is engaged in collecting the papers by pupils who are to enter into the exhibit of school work to be made here with the beginning of May.

Unless special appropriations are made during the year, the amount of money that will be raised by the borough tax of 1.2 mills, that has been assessed, will be ample, it is expected, to meet the current expenses and leave a sum sufficient to materially reduce the debt.

Visited High School.
Two visitors at Killingly High school Thursday were Principal Henry T. Burr of the Williamstown Normal school, an institution to which a number of the students now studying here will some time go, and Principal Hal R. Eaton of Attleboro, formerly principal of Killingly High school.

Judge J. O. Thompson of Pomfret was a visitor with friends in Putnam Thursday.

A number of Putnam people were at Danielson Thursday evening to attend the military ball.

Sophomores' Dance.
A dance under the auspices of the members of the sophomore class was given at the high school.

Henry A. Harding of Worcester was a visitor with friends in Putnam Thursday.

George M. Fine is in Boston on a business trip today (Friday).

Mr. and Mrs. J. Paul Kaufman of Hartford were guests Thursday of L. O. Williams.

Dinner at Fire Headquarters.
Foreman William Fuller of Mansfield Hose company gave a dinner at fire headquarters Thursday evening for the members of that organization.

Boulevard terrace is the name that has been given a tract of about 27 acres on Mechanic street which is to be developed into a residential section. Distribution of lines for telephone service in the Union block is to be from an underground cable run into the cellar of one of the stores, this being according to the modern method, and will do away with unsightly wires on the exterior of the structure.

Important Railroad Plan.
An announcement may be expected within a few days of a new railroad transportation plan that will be of great interest to Putnam. The proposition has been under consideration for some time and has about reached a state where something definite can be given out.

Pomfret Store Burglarized.
Capt. John Murray of the local police received a report on Thursday, a denuded one, that the store in which the postoffice is located at Pomfret and known as the Averill store, was broken into during the early hours of Wednesday morning. Goods to the value of about \$50 and including a quantity of cigars and tobacco were taken. There was also a loss of \$5.00 in pennies.

The postoffice section was ransacked, but as far as has been learned nothing was taken of the government property.

This break is one of a series that has occurred in Pomfret within a few weeks. The state police have been at work investigating the burglaries, but have found no clues that have been of value in fixing the responsibility upon any person or persons.

Open Window Schools.
A Putnam man thinks well of the plan of having open window schools in this city, as so successfully tried out in Middlebury during the past winter and as commented on in the current bulletin of the state board of health. The fine results obtained in open air schools for stony children have suggested the idea of giving a greater amount of fresh air in school rooms occupied by normal children.

The plan followed during the experiment of open window schools has been tried to have the windows open on one or possibly two sides of a room,

but to have the children protected from draft.

PUTNAM CATHOLIC BAND

Gives High Grade Music Festival at Bradley Theatre.

A musical festival was given in the Bradley theatre Thursday evening under the auspices of the Putnam Catholic band, Amadeo G. Lucier, director.

The opening was by the band, the number the march Commander, this followed by the overture Something Doing.

Features of the programme were a saxophone solo by Henry Gaudette, a clarinet duet by Mr. Gaudette and Adam Sarti, violin solo by Joseph M. Behr, and a brass quartet, Messrs. Nolle, Orlando, Antonio and Sarti.

Pleasing song numbers were Les Regrets de Mignon by J. Duval and By the Old Cathedral Door by Philip Salvay. The juvenile orchestra also contributed some pleasing numbers.

Specialty added to the programme was the very clever vaudeville act of Michelle Rother and Cliff Anthony, the latter one of the cleverest male pianists in the country. Together Rother and Anthony, with their singing and dialogue, are by winners of applause.

Reels of motion pictures were also added to round out the entertainment given by the band.

Pictures and Entertainment.
Next week a collection comprising about 700 pictures and representing all of the principal artists of the day, including many reproductions of sculpture, architecture and important views from nature is to be shown at the Putnam High school. These pictures are to be shown in connection with an entertainment to be given at the school by the students and to include instrumental and vocal musical numbers.

March Mortality High.
Putnam again had one of the high death rates of the state during March, according to the figures contained in the current bulletin of the state board of health. The number of deaths during that period was 14, this representing an annual death rate per thousand of 19.8. Two of the deaths were of persons under the age of 5 years, and two other deaths were of persons in public institutions in this town. Putnam is credited with two deaths caused by tuberculosis.

STATE TEXTILE SCHOOL.

Hammond Hall Being Remodeled to Meet Its Requirements.

Work of preparation for opening the State Textile school in this city is going on as rapidly as possible. Hammond hall, where the school is to be located, is being entirely renovated to meet its requirements. The heating arrangement has been overhauled and a new system of sanitary drains is being installed, and no pains or expense is being spared to make the quarters as pleasant and comfortable as possible for the students. The work is being done under the personal supervision of Mr. Martin, supervisor of the school. One hand loom has recently been received from Philadelphia and another from the Cranston-Knowles company, Worcester. These machines are the very best that can be had. Many more looms will be installed in the future as demand requires. The rest of the machinery, for which orders have been placed in various shops, is being rushed to completion and will arrive in the very near future, and it is now expected that everything will be in shape within the next 30 days.

MRS. PORRITT'S ADDRESS.

Militancy Will Never Be Necessary in This Country, She Says.

Mrs. Edward Porritt of Hartford spoke at the meeting of the Putnam Equal Franchise league Wednesday evening. Mrs. Porritt is the press secretary of the Connecticut Woman Suffrage association and is widely known as a speaker and writer on political questions. Her subject was The Non-Militant Suffrage Movement in England. She traced the progress of woman suffrage from the first word

on the subject, in 1710, down to the present day. She said that there are at least 100 non-militant suffragists to every militant in England today, but as their methods are not sensational we hear very little about them. Mrs. Porritt contrasted American woman on the fact that militancy was not and never would be possible in this country on account of the greater number of men than American men have for women.

At the close of Mrs. Porritt's address Mrs. Phillips of Waukegan sang several delightful songs, accompanied by Miss Burlbank of Danielson. The large audience felt well repaid for venturing out on such a stormy night.

No Necessity for Stamps.
In New Zealand the postoffice provides big firms with machines, with which they stamp their own correspondence. A specimen letter received bears an oblong "postage paid" stamp which is put on by a machine in the business man's office. Periodically a postal collector calls round, reads the total on the machine and collects the money.
